To Ken S Anderson
General manager Super tanks LLC

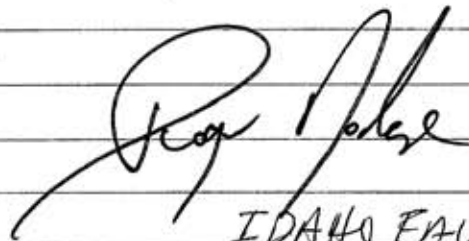

Dear Sir

It was really good to talk with you, when my tank was being installed. I was impressed when you brought over some bolts, that needed to be used instead of the stock bolts that came with the tank also I was still present when you called James and asked him how everything was going.

I can't tell you how grateful I am that you pay attention to the small details.

Thanks for the great job

I Like my
Tank
